

Programme for English Language tuition for Turkish Juniors (aged 12-18)

Student Profile

This programme targets Turkish junior students (aged 12 -18) who wish to come and study English in Ireland during the summer vacation periods. Students must be enrolled in secondary school in Turkey and travel in groups to Ireland with group leaders, all of whom must be adults. Courses may range from one week to four weeks in duration. The schools they attend in Ireland should be Marketing English in Ireland (MEI) member schools and therefore NQAI (ACELS) recognised. It is permissible also for the student to combine, within the overall 90 day visit limit, a language course and more general tourism. Visa applications for students who fall into this category and who submit all the required documentation will be processed in the Embassy of Ireland in Ankara. Provided all the requirements are met, the Embassy will endeavour to process the visas in three working days following receipt of the application. The maximum duration of the student's stay in Ireland is 90 days.

Course Profile

The courses offered will be the same as those currently run by MEI schools for students from within the EEA. Course fees include tuition, full-board accommodation, insurance, transfers, five-afternoon social and cultural programmes, and full-day weekend excursions. The only extra money students need to bring is pocket money, the amount recommended by schools varying with the student's age.
