Please be aware that the use of email is subject to security risks. You should be aware of these risks if you choose to have correspondence regarding your visa application sent by email. The Ministry of Foreign Affairs cannot guarantee the reliability of sending or receiving messages by email, or the confidentiality and integrity of email correspondence via the internet and therefore accepts no responsibility for any email messages which are subject to delay in delivery or which fail to reach you. All email messages received are processed in accordance with Dutch legislation on privacy and security. If you believe the risks to be too great, correspondence regarding your application can be sent by conventional mail. In this case please be aware that it may take longer to send and receive relevant correspondence.
